ABV REHEARSAL NOTES 19 October 2025

Leybl sent out his own notes, pasted here:

Well done! Today was wonderful! Thank you all for your hard work! You're sounding wonderful, and we are headed towards a beautiful concert! Yay!

Please practice the following before next week. Spending as little as 15-20 minutes a day, 4-5 times a week, will make a massive difference!

Zaman As-Salam: Practice the whole thing with the recording. Please familiarize yourself with the recording's melodic and rhythmic flow, and sing along. We want to be precise so that we can be as flexible as possible.

Lo Yare'u - Practice the whole thing. Sopr/Alt. Focus on m.25-34. Sopranos, pay attention to the first and second endings. Recordings will be posted shortly.

Volt Ikh gehat Koyekh - run through your part, focus on the part that you feel the most uncomfortable with.

Im Ein Ani Li - Focus on 80-102. Spend the most time on this.

Here is our 10-19-25 rehearsal recording:

ADDITIONAL SONGS and notes

1. Kholomen Khaloymes

 Remember to fully enunciate the /kh/s at the beginning of words, put the /kh/ sound (it does not have a pitch) slightly ahead of singing the note

2. Zaman as-salam

- Worked through all the parts, rhythm is tricky and the notation is not exact, so best bet is to listen to Leybl's instructions on the Zoom recording and any subsequent mp3s.
- Tutti on Measures 20, 22, 24, 26, cut off after quarter note
- 3. Lomir Zingen...
- 4. Im Ein Ani Li
 - Worked on middle section beginning at M48, then sang though whole song.
 - M82 Tutti (except Sopranos) swell over M81 and build to give a dramatic rest at M82
- 5. Lo Yare'u
- 6. Volt Ikh Gehat
