Derek reviewed the structure, which will certainly be somewhat extemporaneous based on Carol's conducting at the time. She will maybe clarify a bit during the next rehearsal with Koleinu, but the general message is as follows:

**Basses** will sing their measures from M1-4 once or more, depending on conductor

Section beginning at M5: **Basses** will sing as written and other sections come in one at a time as directed (order maybe **Tenor, Alto, Soprano**) and all parts sing another round until cut off, or as directed

M9: **All** sing the melody

Instrumental break

M17-20: **ABV** sings their parts while Koleinu sings melody

Instrumental break

M25: **Sopranos** come in alone and sing with repeats to M29; then **Altos** join at M25, and sing with repeats to M29 or as directed

Instrumental break

M31-34: **Sopranos** sing with NO repeat, then **Altos** and **Tenors** sing together with NO repeat, then Basses come in on 3<sup>rd</sup> time through or as directed

LONG Instrumental break

M39-42: **ABV** sings their parts while Koleinu sings melody, continue to sing repeats while each ABV section is dropped out one at a time or as directed

M43-end: Tutti sing final melody together, maybe once or as directed

**BOTTOM LINE FOR THIS SONG: LISTEN TO INSTRUCTIONS NEXT REHEARSAL AND THEN WATCH CAROL!!!**
